

# ADVANCED PLACEMENT (AP) CREDIT & CHART

Content on this page is updated throughout the academic year.

Students who earn scores of 3, 4, or 5 on College Board Advanced Placement (AP) Examinations taken before high school graduation will receive 2, 4, or 8 units of credit toward graduation at UC Davis for each such test completed with the required scores, provided official scores are submitted to the Office of Admissions.

Students should be advised that college courses taken before or after attending UC may duplicate AP, International Baccalaureate (IB) and/or A Level (GCE) examinations. Additionally, exams may duplicate each other; for example, an AP or IB exam in the same subject area. If the student does duplicate an exam with another exam of the same subject content, and/or an exam with a college course, we will award credit only once.

Note: Advanced Placement credit earned prior to entering the university will not be counted toward maximum unit limitations either for the selection of a major or for graduation.
