

# CHEMISTRY, BACHELOR OF SCIENCE

College of Letters & Science

## The Major Programs

Chemistry studies the composition of matter, its structure, and the means by which it is converted from one form to another.

### The Program

We offer several degree programs leading to the Bachelor of Arts (A.B.) and the Bachelor of Science (B.S.). To meet and discuss these programs with our staff advisors, see Academic Advising (<https://chemistry.ucdavis.edu/undergraduate/academic-advising/>).

The general B.S. degree in Chemistry is the one chemistry program offered by our department that is certified by the American Chemical Society (<http://www.acs.org/content/acs/en.html>) (ACS). Students in this program pursue a strong foundation in math and physics, in addition to chemistry, taking the higher-level sequences of all course options. This degree provides a strong foundation in experimental processes, instrumentation, and quantitative analysis. Students will be well-prepared to apply their chemistry knowledge to a wide array of applications, including environmental, pharmaceutical, materials, and industrial chemistry.

### Career Alternatives

Graduates will be able to successfully pursue their career objectives in advanced education in professional and/or graduate schools, a scientific career in government or industry, a teaching career in the school systems or other related career tracks.

### Major Advisor

To contact a major advisor in the Department of Chemistry, see Academic Advising (<https://chemistry.ucdavis.edu/undergraduate/academic-advising/>).

### Honors & Honors Program

The student must take courses CHE 194HA, CHE 194HB, and CHE 194HC, and complete a capstone project (typically a written honors thesis).

### Graduate Study

The Department of Chemistry offers programs of study and research leading to the M.S. and Ph.D. degrees in Chemistry. Detailed information regarding graduate study may be obtained by contacting the Graduate Advisor, Department of Chemistry. See also Graduate Studies (<http://gradstudies.ucdavis.edu/>).
