CLIMATE SCIENCE & POLICY, MINOR

College of Agricultural & Environmental Sciences

Susan Harrison, Ph.D., Chairperson of the Department
Gwen Arnold, Ph.D., Co-Vice Chairperson
Marissa Baskett, Ph.D., Co-Vice Chairperson

The Climate Science & Policy minor provides students with basic background in climate change science as well as mitigation and adaptation strategies. Students gain an understanding of scientific, social, institutional, and economic dimensions of climate change.

Minor Advisor
M. Springborn (Environmental Science & Policy)
