EPIDEMIOLOGY, DOCTOR OF PHILOSOPHY

Graduate Study

The Graduate Group in Epidemiology offers programs of study and research leading to M.S. and Ph.D. degrees. Areas of interest include environmental/occupational epidemiology; infectious disease epidemiology; zoonotic & vector-borne diseases; epidemiologic methods & biostatistics; health services & health economics; nutritional epidemiology; reproductive, perinatal, developmental & pediatric epidemiology; wildlife epidemiology; social & behavioral epidemiology; and cancer epidemiology. For detailed information regarding the program, address the chairperson of the group or see the website.

Graduate Advisors
Christopher Barker, (Population Health & Reproduction), Beatriz Martinez Lopez (Medicine & Epidemiology), Lihong Qi (Public Health Sciences)
