

SUSTAINABLE ENVIRONMENTAL DESIGN, BACHELOR OF SCIENCE

College of Agricultural & Environmental Sciences

Department of Human Ecology; 1303 Hart Hall; 530-752-1805; Sustainable Environmental Design (http://humanecology.ucdavis.edu/lda/academic_programs/sed/); Faculty (https://humanecology.ucdavis.edu/people/?first=&last=&title=&unit=Landscape%20Architecture%20%2B%20Environmental%20Design&field_sf_person_type_target_id%5B0%5D=26)

The Sustainable Environmental Design major is intended to build student understanding and skills related to creation of sustainable communities and landscapes. Coursework emphasizes urban and environmental design, sustainable development theory & practice, green building, local government planning & decision-making, community dynamics & organizations, and written, graphic, and oral presentation of sustainability strategies.

The Program

The Sustainable Environmental Design major is particularly suited for students who are interested in the physical form & design of communities and related public & private processes. It is focused on the physical environment of communities and the process of designing, planning for, and regulating the built landscape and the place-making considerations involved in creating sustainable communities.

Advising Center

See Jana Krezo (skrezo@ucdavis.edu) (Snjezana J Krezo), 530-752-9322; Galyna Erdman (gerdman@ucdavis.edu), 530-752-2244

Lead Faculty Advisor

David De La Pena

Career Alternatives

Graduates will choose to pursue work in government, community organizations, education, or the private sector. They will also be well-positioned to pursue graduate education in city & regional planning, landscape architecture, architecture, public policy, public administration, law, real estate, and related fields.

Courses in Sustainable Environmental Design

See courses under Landscape Architecture (LDA) (<https://catalog.ucdavis.edu/courses-subject-code/lda/>).

The major requirements below are in addition to meeting University Requirements (<https://catalog.ucdavis.edu/undergraduate-education/university-degree-requirements/>) & College Requirements (<https://catalog.ucdavis.edu/undergraduate-education/college-degree-requirements/>), unless otherwise noted. The minimum number of units required for the Sustainable Environmental Design Bachelor of Science major is 101.

Code	Title	Units
Preparatory Subject Matter		
	English Writing/Oral Communication—Also counts toward English Composition Requirement (https://caes.ucdavis.edu/students/advising/academic-planning/bachelors-degree-requirements/)	8
	One course from ENL 003; UWP 001, UWP 001Y, UWP 001V, UWP 048, UWP 049, UWP 101, UWP 101Y, UWP 101V, UWP 102 series, or UWP 104 series; AND one course selected from the courses not selected above, or from CMN 001 or CMN 001V; COM 001, COM 002, COM 003, COM 004, or NAS 005.	
BIS 002B	Introduction to Biology: Principles of Ecology & Evolution	5
	Choose one 4-unit course from each area below:	20
Statistics
