BIOLOGICAL SCIENCES,
BACHELOR OF ARTS,
INDIVIDUAL

College of Biological Sciences

Program Office
Biology Academic Success Center (https://basc.biology.ucdavis.edu/);
1023 Katherine Esau Science Hall (formerly Sciences Laboratory Building); 530-752-0410.

The Major Program
The Individual Major, an integrated program composed of courses from
two or more disciplines. It is designed by the student and is subject
to approval by an advisor and appropriate college committees. This
major enables a student to pursue a specific interest that cannot be
accommodated within the framework of an existing major. It must clearly
and specifically meet the student's educational goals as well as meet
university and college academic standards.

Student Proposal
A student who wishes to propose an individual major must submit the
proposal to the Committee on Undergraduate Curriculum & Educational
Policy (CUCP) prior to reaching 120 units. It is important for the student
to make arrangements to speak with an advisor in the Biology Academic
Success Center early in the development of their major as no individual
major will be approved after a student has completed 120 units.

Faculty Advisor (Selected By Student)
A faculty member in a department or program in the College of Biological
Sciences.

Advising
Biology Academic Success Center (BASC) (https://
basc.biology.ucdavis.edu/) in 1023 Katherine Esau Science Hall
(formerly Sciences Laboratory Building); 530-752-0410.
