

# MATERIALS SCIENCE & ENGINEERING, MASTER OF ENGINEERING

---

College of Engineering

## The Master of Engineering Degree in Materials Science & Engineering

The one-year Master of Engineering (M.Eng.) degree is the most flexible degree we offer. With two different tracks to choose from, students can mold the degree to fit their interests and goals, whether they include training in additional engineering, computer science or management courses.

### Coursework Requirements

Code	Title	Units
<b>Track A: Capstone Course</b>		
Core Courses		20
Elective Courses		8
EMS 280A & EMS 280B	Graduate Capstone Project and Graduate Capstone Project	8
<b>Total Units</b>		<b>36</b>

Code	Title	Units
<b>Track B: Internship</b>		
Core Courses		20
Elective Courses		6
EMS 292	Materials Science & Engineering Internship	10
<b>Total Units</b>		<b>36</b>
