

# DOCTOR OF MEDICINE

---

## School of Medicine

The curriculum for the M.D. degree at the UC Davis School of Medicine is a four-year program providing comprehensive preparation for graduate medical training (internships and residencies) and the practice of medicine. It offers a highly integrated approach to basic science training and clinical experience with opportunities for research. Because the M.D. degree is implementing a substantially renewed curriculum beginning in 2021-22, please review current information available at UC Davis School of Medicine M.D. Program (<https://health.ucdavis.edu/mdprogram/>).
