

MUSIC, MINOR

College of Letters & Science

The music minor allows students to explore and engage with a wide range of musical styles and genres, including classical music, jazz, popular music, and many musics of the world. The minor aims to enrich student experience by integrating performance experience with diverse music department ensembles, including the University Symphony, University Chorus, University Concert Band, Jazz Band, world music ensembles (Indonesian Gamelan, Samba School, Hindustani Vocal Ensemble, Afro-Cuban Ensemble, Brazilian Capoeira Ensemble, Samba School) and numerous chamber ensembles. By providing opportunities to build musical skills and to research and write about a variety of musical traditions, the minor helps students of all backgrounds highlight their creativity, collaborative skills, careful listening and cultural awareness.
