

FAMILY NURSE PRACTITIONER PROGRAM, MASTER OF SCIENCE

Graduate Studies

Kathryn Sexson, Ph.D., A.P.R.N., F.N.P.-B.C., Director for the Family Nurse Practitioner Program

Mission Statement

Integrating the science and humanity of nursing and other health disciplines, the Betty Irene Moore School of Nursing leads innovative research, education and practice and prepares leaders who advance health, transform health care and ignite bold system change locally, nationally and globally.

Nursing Science and Health-Care Leadership Graduate Degree Program

Hosted by the Betty Irene Moore School of Nursing at UC Davis, the Nursing Science and Health-Care Leadership Graduate Degree Programs prepare nurse leaders, physician assistants, nurse practitioners, researchers and faculty in a unique interdisciplinary and interprofessional environment.

Faculty

The UC Davis Nursing Science and Health-Care Leadership Graduate Group includes a wide cross-section of academic disciplines with faculty from the Betty Irene Moore School of Nursing as well as UC Davis Health System and other UC Davis schools, colleges, and departments. Within the graduate group faculty are experts in nursing, medicine, health informatics, nutrition, biostatistics, public health and other fields.

The Master of Science—Family Nurse Practitioner Degree Program prepares graduates to deliver care as family nurse practitioners (FNP). In alignment with the school's vision to advance health, the mission of the family nurse practitioner program is to educate health care professionals to lead clinical programs in collaborative teams and to improve the availability of culturally relevant primary health care to underserved populations throughout California.
