# NUTRITION SCIENCE, MINOR

The Department of Nutrition offers three minor programs open to students majoring in other disciplines who wish to complement their study programs with a concentration in the area of food and nutrition.

## Minor Advisor

3202 Meyer Hall; 530-752-2512; 530-752-7094

If the student’s major program requires the same course in biochemistry and physiology, only one of the courses may duplicate credit toward the minor. Each program below lists replacement courses to fulfill the minimum unit requirement.

## Preparation

Plan in advance to include the required course prerequisites.

### Biochemistry

Choose a series: 6-10

- ABI 102 Animal Biochemistry & Metabolism
- & ABI 103 and Animal Biochemistry & Metabolism

OR

- BIS 102 Structure & Function of Biomolecules
- & BIS 103 and Bioenergetics & Metabolism

### Nutrition

- NUT 111AY Introduction to Nutrition & Metabolism 3
- NUT 111B Recommendations & Standards for Human Nutrition 2

### Neurobiology, Physiology, & Behavior

- NPB 101 Systemic Physiology 5

### Replacement Courses; see note above:

- NUT 114 Developmental Nutrition
- NUT 115 Animal Nutrition
- NUT 116A Clinical Nutrition
- NUT 116B Clinical Nutrition
- NUT 117 Experimental Nutrition
- NUT 122 Ruminant Nutrition & Digestive Physiology
- NUT 123 Comparative Animal Nutrition
- NUT 124 Nutrition & Feeding of Finfishes

Choose one: 4

- NUT 120AN Nutritional Anthropology
- NUT 120BN Nutritional Geography

## Total Units

20-24
