

# POLITICAL SCIENCE—PUBLIC SERVICE, BACHELOR OF ARTS

College of Letters & Science

## The Political Science Major Program

Political science is the study of politics and political systems at the local, national, and international levels. It concerns not only the institutions of government but also the analysis of such phenomena as political behavior, political values, political change and stability, parties, pressure groups, bureaucracies, administrative behavior, justice, national security, and international affairs.

### The Program

The Department of Political Science offers three majors: International Relations (<https://catalog.ucdavis.edu/departments-programs-degrees/political-science/international-relations-ab/>), Political Science (<https://catalog.ucdavis.edu/departments-programs-degrees/political-science/political-science-ab/>), and Political Science—Public Service (p. 1).

- The International Relations major explores problems of security, development, ethnic conflict, human rights, health, and the environment at a global level.
- The Political Science major aims to provide the student with a broad understanding of political concepts, political institutions, political behavior, and political processes.
- The Political Science—Public Service major is for students who desire opportunities for practical hands-on experience in their major. It differs in particular from the political science major in its internship requirement and its focus on the American political system.

### Major Advisors

Contact the Department of Political Science (<https://ps.ucdavis.edu/>).

## Internships & Career Alternatives

Both the proximity of UC Davis to the state capitol and the programs offered by the UC Washington Center afford exceptional internship possibilities in local, state, and national government offices, providing students with actual experience in politics and government service while still attending school. A student who majors in political science acquires research and analytic skills relevant to many professional fields. Consequently, the majors offered in political science are valuable not only in providing students with a better understanding of politics and political systems, but also as a first step toward careers in teaching, law, management, government, urban planning, journalism, politics, administration, or for graduate studies in numerous fields.

## American History & Institutions

This University requirement may be satisfied by passing any one of the following Political Science (POL) courses:<sup>1</sup>

Code	Title	Units
POL 001	American National Government	4
POL 005	Contemporary Problems of the American Political System	4
POL 100	Local Government & Politics	4
POL 102	Urban Public Policy	4

POL 104	California State Government & Politics	4
POL 105	The Legislative Process	4
POL 106	The Presidency	4
POL 108	Policy Making in the Public Sector	4
POL 109	Public Policy & the Governmental Process	4
POL 113	American Political Thought	4
POL 130	Recent U.S. Foreign Policy	4
POL 131	Analysis of U.S. Foreign Policy	4
POL 160	American Political Parties	4
POL 163	Group Politics	4

<sup>1</sup> See also under American History & Institutions requirements (<https://catalog.ucdavis.edu/undergraduate-education/>).

## Graduate Study

The Department of Political Science offers a program of graduate study and research leading to a Ph.D. degree or an M.A./J.D. joint degree. The M.A./J.D. joint degree is done only in conjunction with UC Davis School of Law. Information concerning admission to these programs and requirements for completion are available in the Graduate Program Coordinator's office.
